

FROM THE DIRECTOR OF STUDENT LIFE AND THE DEAN OF STUDENTS

Dear SLU-Madrid Student:

Student organizations can play a significant role in campus life, providing opportunities for student leadership, learning and service. As such, they help to achieve the formational and educational goals of Jesuit education.

The Office of Student Life is here to assist you during the chartering process of your organization. If you have questions or need assistance with any part of the process, please contact the Dean of Students at aferro@slu.edu or stop by the Office of Student Life.

We look forward to working with you!

Sincerely,

Marta Maruri
Director of Student Life

Ariadne M. Ferro
Dean of Students

WHY CHARTER?

Student-led organizations enhance campus life and offer members a special opportunity to become campus leaders for the betterment of their peers and of the broader University community.

Officially recognized clubs and organizations may request:

- the use of University space for meetings and other activities;
- the inclusion of organizational events in the *Billiken News* and the Student Life calendar;
- the use of student bulletin board space;
- the right to use the SLU-Madrid name alongside the name of the chartered organization;
- an organization-specific email account;
- the use of a mailbox in the Office of Student Life;
- support and assistance from the Office of Student Life;
- the possibility of creating a website through the Saint Louis University Google Apps site.

On the Saint Louis University – Madrid Campus, organizations are chartered through the Office of Student Life.

CHARTERING PROCEDURES

STEP 1: Pick up a chartering packet in the Office of Student Life, consisting of the following forms and information sheets: (a) application; (b) mission statement and guidelines; (c) advisor agreement; (d) founding membership list; (e) leadership registration; and, (f) student general standards and policies agreement.

STEP 2: Hold a meeting of those who want to form the core membership of the organization. (The Office of Student Life can help reserve a meeting space.)
At the meeting, student participants should:

- designate one of their number to take minutes (notes);
- discuss the rights and responsibilities of being a chartered organization;
- agree upon a clear and official “statement of purpose” for the organization, as well as an accurate description of the group’s principal functions and activities;
- select the organization’s leadership;
- nominate a staff/faculty advisor (subject to the person’s willingness to serve);
- sign the founding membership list, consisting of at least five SLU-Madrid students

STEP 3: Submit all fully-completed forms, along with a typed copy of the meeting minutes, to the Dean of Students.

STEP 4: The Chartering Committee – comprised of the Dean of Students, the Director of Student Life and the Executive Vice President of the Student Government

Association Madrid Campus – will schedule a meeting at which it will consider the group’s application¹. A representative of the proposed organization is expected to be available to the Chartering Committee during the meeting to answer any questions. By majority vote, the Chartering Committee will decide whether to grant a charter to the proposed organization and whether to confirm the appointment of the organization’s nominated faculty or staff advisor.

If the Chartering Committee decides it cannot grant the charter as requested, it will communicate that decision – and the reason/s for it – to the leadership of the proposed organization, who may, after conversation with the Dean of Students, resubmit the application to the Chartering Committee for further consideration.

¹ Should a representative from SGA not be available, the Dean of Students will select a representative from another student organization.

GUIDELINES FOR CHARTERED ORGANIZATIONS

In order to receive and maintain a charter, an organization must:

1. act consistently with the stated mission and values of Saint Louis University;
2. renew annually in writing its commitment to follow all SLU-Madrid policies and regulations, including those relating to the registration of events, publicity, finances, and guest speakers;
3. remain faithful – as evidenced in its meetings and activities – to its own stated purpose and goals as approved at the time of chartering;
4. hold regular meetings in order to plan activities;
5. maintain a membership of at least five students (undergraduate and/or graduate) who are currently enrolled in classes at Saint Louis University – Madrid Campus;
6. communicate to the Office of Student Life within two weeks of any change in the organization's chosen leadership;
7. have an advisor² nominated by its membership and approved by the Chartering Committee who is a member of the SLU-Madrid faculty or staff; and,
8. offer open membership to all enrolled SLU-Madrid students, without discrimination in regard to race, color, gender, sexual orientation, religion, national origin, and financial or social status.

Registration of Organization Events

- The events and special activities of chartered organizations – whether on-campus or off-campus – are to be registered beforehand with the Office of Student Life through the Dean of Students.
- Chartered organizations must turn in to the Dean of Students a *Student-Led Club or Organization Activity Proposal*³ no later than two weeks prior to the scheduled event. Student Life will respond to the chartered organization's designee no later than one week after the *Proposal* has been properly submitted.
- Once approval for the event/activity has been given by the Dean of Students, the organization's designee may also contact the Office of the Registrar if the event or activity demands the use of Campus space.⁴ The reservation of off-campus facilities is the sole responsibility of the organization.

² The advisor serves as a resource for the chartered organization, seeking to enhance the formational experience for the organization's membership by (1) helping the organization remain focused on its stated purpose; (2) serving as a sounding board to the organization's membership; (3) acting as a liaison, when appropriate, to the Department of Student Life and to other individuals and offices of the Madrid Campus; and (4) exercising oversight of the organization's handling of finances; (5) providing continuity during times of leadership transitions within the organization.

³ See Appendix, "Student-Led Club or Organization Activity Proposal"

⁴ Within classrooms, computer labs and the library, no food or drink (other than water) is allowed. Any exceptions must have the written approval of the Dean of Students.

Guest Speakers / Program Events

While Saint Louis University acknowledges an individual's right to express and explain his or her own beliefs, by virtue of its Catholic, Jesuit character, the time, place and manner of exercising speech on campus is subject to approval from the Dean of Students. As such, the University reserves the right to review proposed programs, including those which are funded in full or in part by University sources. It also reserves the right to reject or alter programs that the University deems to be inconsistent with its values and mission. This means that a balanced program, one that would include opportunities for opposing viewpoints to be presented, may be necessary in order for controversial (societal, political, moral and/or ecclesiastical) topics to be addressed in a way that provides a more complete educational experience and understanding of the subject matter.⁵

Non-Cafeteria Food Events

1. The chartered organization granted event approval is solely responsible for the management, preparation, and distribution of food and other goods. This includes set-up, take-down, clean-up and all financial obligations.
2. The chartered organization is responsible for providing all equipment and personnel necessary to carry out the event and for displaying, storing and serving food in a manner which ensures that it is safe for consumption.
3. The source of the food products should be displayed (e.g. Home prepared, Dominos).
4. Chartered organizations are asked to limit the distribution of food to breakfast hours (9:00-13:00) Mondays through Thursdays, or from 12:00-14:00 on Fridays.
5. Chartered organizations are encouraged to identify ways of raising funds other than through the sale of food. For more information, please consult Student Life.

⁵ Examples of programs that the University would not approve would include those deemed to encourage, celebrate or glorify hatred, violence, abusive behavior, religious intolerance, irresponsible or illicit drug and alcohol use, and the objectification of human beings. Furthermore, the University will not approve any campus program which it determines cannot be held in a safe, orderly way, in adherence to its policies and procedures, and without significant interference to other University events or normal functions. And, while acknowledging there may be approved programs which include critiques of Catholic teaching and/or of Saint Louis University, the University does not knowingly make available its facilities to individuals, organizations or businesses, whose activities will deride, mock or ridicule the Roman Catholic Church or the University's mission and values. Furthermore, program approval may be rescinded if the University determines, at any time, that the proposed program is likely to result in: 1) potential disruption to the regular operations and activities of the University, 2) potential threat to the safety of persons or property, and/or 3) non-compliance with established University policies and procedures. Moreover, a program may be rescinded after approval if the University receives new information which it determines causes the program to be inconsistent with its values and mission.

Publicity

- Publicity for the events and activities of chartered organizations is the responsibility of the sponsoring organization.
- Organizations should always include a submission to the *Billiken News*, the SLU-Madrid Campus weekly electronic newsletter, to officially communicate with students. Submissions to the *Billiken News* are due no later than the Friday before the next Monday issue.
- Posters, displays or other forms of publicity on-campus must be approved by the Office of Student Life, who will take responsibility for their distribution and/or posting.
- Publicity for events for which approval to serve alcohol has been obtained from the Dean of Students must not emphasize or promote the sale, distribution or consumption of alcohol, nor depict its use.
- Publicity for the activity or event, the event itself, and the use of fundraising proceeds must be consistent with the values of SLU-Madrid's Jesuit mission and the chartered organization's own mission.

Finances

- Each chartered organization must keep an accurate and detailed account of all of its financial transactions, including requisitions, receipts and copies of activity requests, such account being subject to review by the Dean of Students and the Madrid Campus Director of Finance and Operations.
- The chartered organization should request through its designee, and with the express consent of the faculty advisor, that a requisition for projected event expenses be completed by the Dean the Students at least three workdays before the event takes place.
- Within three workdays after the event, the organization's designee will complete and submit to the Dean of Students an expense report along with all original receipts.
- Collection of membership dues by student organizations is allowed.

Fundraising

- Use of the proceeds must be clearly identified when promoting and carrying out the fundraising activity.
- Funds raised by or in the name of a chartered organization cannot be used in any way for the personal or individual gain of members of the organization but must enhance the stated purposes and goals of the organization itself.
- Chartered organizations may only use funds raised for the purpose stated on the *Student-Led Club or Organization Activity Proposal*.
- All income from the fundraiser must be submitted to Student Life immediately after the event for deposit in the Finance Office.
- The Office of Student Life does not provide funds to finance the fundraising event.

Communication

- Each chartered organization is required to designate a representative who will be in regular communication with its faculty advisor and with the Dean of Students.
- Each chartered organization must include its advisor(s) in any written correspondence with other University faculty and/or staff.
- Any modification to the description, purpose and/or goals of the chartered organization must adhere to the University's mission and must be immediately communicated in a written document to the Dean of Students who will then process this as a renewal for charter under the new situation.

Discipline

- Chartered organizations are subject to the Code of Student Conduct.

REVIEW AND RENEWAL OF CHARTERED ORGANIZATIONS

Charter Review

If a student organization is perceived to have altered its essential nature as it was originally chartered, or to have acted in a manner which is inconsistent with its stated purpose and/or the stated mission and values of Saint Louis University, anybody within the campus may request of the Chartering Committee a "review" of the chartered organization. Should the Chartering Committee find that the organization has violated the terms under which it was chartered, it may recommend to the Dean of Students that the organization be sanctioned.

Charter Renewal

Organizations will be re-chartered each September assuming that they continue to act according to the requirements of their charters and according to the above-stated "Guidelines for Chartered Organization Status."
